DRI Udaan Swachhta Programs

The DRI Community Water Centre at Kaduki Village, district Alwar, Rajasthan was inaugurated by Mrs. Vinita Pahwa, Director, DRI... Desiccant Rotors International.

DRI along with its NGO partner **Ma. My Anchor Foundation** has installed a 1000 LPH capacity RO water treatment system, which is providing clean drinking water to over 1000 people, about 250 families in and around Kaduki village. This will ensure water borne diseases are controlled.

DRI along with its NGO partner **Sapna** has also constructed 10 toilets in Kaduki village, Alwar, Rajasthan to promote **Swachhta**.

These two projects are a part of DRI's **Udaan Program** which focuses on 'Swachhta' and Skill Development.

Also, The DRI & Bry-Air's CSR team conducted a hygiene workshop on "How to wash hands properly" through interesting activities at DRI and Bry-Air Pathshala. Basic knowledge of germs, diseases, hygiene and sanitation behavior and safety measures were shared with the children at DRI & Bry-Air Pathshala.
