Dr. Mathra Das Pahwa Vision Outreach Programme

Bry-Air has recently held eye camps in Teekli, Sarhaul, Chakkarpur and Dundahera in partnership with the Venu Eye Institute & Research Center. All the camps had a huge turnout in spite of the scorching heat.

Rai Bahadur Dr. Mathra Das Pahwa (late), the grandfather of Mr. Deepak Pahwa, was a renowned eye surgeon who had spent his life working tirelessly in the fields of **education and vision**. He had set up many charitable institutions and had performed **half a million** of cataract surgeries.
